

Welcome to Taylor- MASTERSON HARD CHROME SERVICES

The Taylor Economic Development Corporation is announcing a ground breaking for Masterson Hard Chrome Services. Masterson is locating its Headquarters to Taylor along with their manufacturing and service operations. Masterson will construct an approximate 6,000 sq. ft. facility to house their operations in the Mustang Creek Industrial Park on two acres owned by the TEDC. This will be the third new manufacturing facility in the Mustang Creek Industrial Park in the past two years which include Summit Manufacturing, Noren Thermal Products and now Masterson. All three projects will be located on Edmond Street in close proximity to each other. Ground breaking ceremony will be held on Friday, June 8, 2018 at 10:30 a.m., 202 Edmond St. located in the Mustang Creek Industrial Park.
